

Self-care Kits

Self Care Kit: \$317.49 + tax

A basic yet comprehensive start to a well-rounded skin care routine. It includes a little bit of everything for a normal-oily or normal-dry skin type. It will address cleansing and exfoliation along with anti aging benefits and protection of the skin. With this system a patient should see results in 6-12 weeks with an improvement in skin tone, texture and overall appearance.

- Cleanser: Skinceuticals Simply Clean
- Antioxidant: Obagi Professional-C Serum 20%
- Moisturizer: Resurfix Daily Enriched Facial Cream
- Sunscreen: Elta MD UV Daily Tinted Broad-Spectrum SPF 40
- Exfoliator: Skinceuticals Retinol 0.5

Deluxe Self Care Kit: \$451.50 + tax

Provides a more intense and targeted treatment skin care routine. The higher dose of retinol will speed up cellular turnover. This can take 4-6 weeks. It is more likely to experience redness, peeling and irritation until the skin acclimates, but this will help improve skin tone and texture. A higher content of water and fatty acids in the moisturizer will provide a longer lasting feeling of moisture in the skin and provide more anti-aging benefits and healing properties. The vitamin-c serum, depending on skin type, will help target more specific concerns, such as, skin tone or moisture and healing level.

- Cleanser: Skinceuticals Simply Clean
- Antioxidant: Skinceuticals C E Ferulic or Phloretin CF
- Moisturizer: Skinceuticals Triple Lipid 2:4:2
- Sunscreen: Elta MD UV Daily Tinted Broad-Spectrum SPF 40
- Exfoliator: Skinceuticals Retinol 1.0

Rosacea Self Care Kit: \$285 + tax

A full skin care routine for sensitive rosacea prone skin. This includes a gentle cleanser, a water based gentle exfoliating serum, a mineral sunscreen to keep SPF ingredients gentle and safe, epidermal repair to heal and moisturize and a phyto-masque which is very versatile and can be used during a flare up, after a workout to calm and cool the skin, or as an overnight masque nightly to help hydrate and soothe/calm the skin. This kit is safe to use along side Metrogel/cream.
