

September 2025 Product Promotion & Procedure Highlight

ALASTIN Restorative Skin Complex with Next Gen TriHex, 1 fl. oz.

ALASTIN A-Luminate Brightening Serum, 1.7 fl. oz.

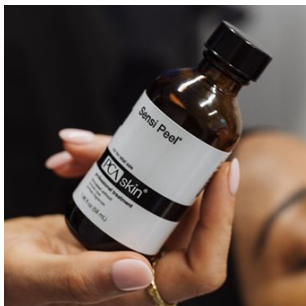

Alastin Restorative Skin Complex with Next Generation TriHex Technology designed to rejuvenate the skin by enhancing hydration, collagen and elastin production, addressing signs of aging, and restoring facial volume with the addition of proprietary Octapeptide-45.

Alastin A-Luminate Brightening Serum minimizes the appearance of all forms of (unwanted) discoloration, including dark spots, age spots, hyper-pigmentation, and brown patches, resulting in the look of more even skin. It is designed to support the results of in-office treatments such as chemical peels, lasers and skin brightening treatments.

PCA Sensi Peel, \$210 per treatment

Sensi Peel is a unique chemical peel option for all patients, including those with sensitive skin. This universal 6% TCA and 12% lactic acid solution will improve surface texture and brighten the skin while helping promote an even skin tone and help soften fine lines. This multi-faceted and skin-brightening treatment is an excellent option for all skin types. A series of 3-5 peels is recommended for best results.
